

410 IAC 6-8.3-52 General sewage disposal requirements

Sec. 52. (a) No person shall throw, run, drain, seep, or otherwise dispose into any of the surface waters or ground waters of this state, or cause, permit, or suffer to be thrown, run, drained, allowed to seep, or otherwise disposed into such waters, any organic or inorganic matter from a dwelling or residential onsite sewage system that would cause or contribute to a health hazard or water pollution.

410 IAC 6-8.3-53 Construction permits

Sec. 53. (a) For any dwelling or place of residence that will not be connected to a sanitary sewerage system, the owner or agent of the owner shall obtain a written construction permit, signed by the health officer, for construction of a residential onsite sewage system prior to the:

- (1) start of construction of a residence;
- (2) placement of a manufactured home, modular home, or mobile home;
- (3) construction or placement of a residential outbuilding that will include plumbing, or the addition of plumbing to an existing residential outbuilding;
- (4) replacement of any dwelling, place of residence, or residential outbuilding that includes plumbing;
- (5) reconstruction of any dwelling, place of residence, or residential outbuilding that includes plumbing;
- (6) expansion or remodeling of a residence that may increase the number of bedrooms or the DDF;
- (7) addition to, alteration of, replacement of, or repair of an existing residential onsite sewage system; or
- (8) installation of an onsite sewage system for an existing residence that did not previously have a residential onsite sewage system as defined in section 32 of this rule.
